“ Thanks to all of you who have accurately described in loving words our beloved Pap. His profound influence on the lives of our family can be told through countless family stories. He truly loved our family and your families as witnessed throughout the years through his kind, loving, humble character and service. For years, he was the calm voice who helped those in need of his service either through the ambulance and/or funeral business. On Pap, all of us could depend through all kinds of weather and life situations. From bringing little ones into the world to assisting us in the burial of our loved ones, he truly loved our family and your families. His love for all of us came from his close personal relationship with God. One of his favorite things to do was to pack the pew on Sundays and our family grew until we had to extend to two pews. He was appreciative of the life that God provided him and his family. His constant devotion and service to his fellowman regardless of socio-economic status impacted the manner in which he conducted his funeral business for over fifty years. His faithfulness to his family, church and community will be felt for years to come. In his final years, he taught all of us how to pass from this life into eternity with dignity and love. Today, our hearts are heavy as we mourn the loss of a wonderful father, husband, grandfather and father-in-law. Our family will always have happy memories of Pap, teaching through example, how to live life to the fullest in style with character. We have our memories and will always think of him as being with us as we see his characteristics in the lives of our children and grandchildren. Tomorrow, our family will pay our last respects to Pap as we conduct his funeral in the funeral home in which he conducted funerals for fifty years. To those who have worked for our family over the years and to those families for whom we have served, we express our deepest gratitude. At Pap's side in the business over those fifty years was faithful Granny answering the phones and staying right beside Pap. Pap truly loved Granny and their 60 years of marriage demonstrated his love for her. Sadly, our family will never be the same without Pap telling us that it is a wonderful life, however; we are so blest to have been part of the life of such a wonderful man who worked diligently for others, stood tall

in adversity and loved unconditionally. We look forward to seeing our beloved Pap in a better place where united again, we will have a wonderful eternity

“ My heart is broken with the passing of a GREAT GREAT man, Carl Wells. Sr., of Stanton. Me and Mother went to visit Carl and Virginia back in September when Granny Patrick passed away. They both were sitting side by side watching TV. Before we left, we gave them both a kiss and told them that, “We loved them.” I worked for Carl and Virginia when they operated Wells Ambulance Service and Funeral Homes. You couldn't have found anywhere, two kind, sweet and caring people as Mr. and Mrs. Wells. I still think about those times when me and Carl would make ambulance runs and death calls together. Me and Carl, being together, talking and laughing, would help the pain and heartache that we seen in our line of work. I remember on several occasions driving the ambulance in the early morning hours along the Mt. Parkway, Carl, would try and get some sleep lying on the stretcher in back of the ambulance. We had to get sleep when we could. We could pull the ambulance into the Bay, and turn right around and get another call. I remember when me, Carl and Virginia would sit together in the swing behind the Funeral Home. Those times were some of the best that I ever spent. He was so positive and never did have a negative word for anyone. He tried to see the best in people. Carl never did turn anyone down because of payment and treated everyone the same. There will never be a person like Carl Wells., Sr. I wish just a few people could be as special as him. It would make this world such a better place to live.

“ I know the angels in Heaven are rejoicing and welcoming one of their own! I had the honor and let me say it was an HONOR to work with Mr. Wells for years through the Clark Regional Medical Center ER. In all my years of nursing and working with Mr. Wells, I NEVER heard him say a bad word or negative thing about anyone! I've seen him shake his head a few times :) but to utter a single negative or bad word against anyone, I can honestly say....I never did.... and I can't say that about too many people, if any. In one word, he was a true 'gentle man'. Rest well and know that your work here on earth was a blessing to each and every one you helped along the way. Prayers and love to all the Wells' family and my deepest sympathy.
