“ *This might not sound like much but it meant a lot to me. When I was about probably 7yrs old and Ed would have been probably 13 he let me drive his tractor and I thought that and Ed was the best. I can remember that like it was yesterday, he was good fellow and will miss seeing him at church and out and about. Prayer for all the family.*

“ *I'll always remember Ed going the extra mile. He would fix children's eyeglasses, greet them in the mornings, built things for us including all of teachers chart stands. He even made my class some wacky home made instruments that we invented in science class when we asked for his help. He helped make Bowen special for me and the rest of the teachers and kids. We all loved him!*
