“ Ms. Fern was the smartest one woman I knew. she was so wise about everything. When I was a little girl, my mother had a horrible car accident, with me and my family. Aunt Fern took me in, cared for me like I was her very own! She was just talking about that a few days ago! She will be missed, she was always willing to help. In fact, when my dad passed away, she was the first one I ran to, I didn't know where to go, she smiled and said, "John is watching over him now, he will be ok.". Much love to her and her children.

“ Have known Fern and her family for many years. Remember going to her house on Sundays after church to play with the girls and then go back to church on Sunday nights. She was such a loving person with a beautiful smile and always had an encouraging word for you. Thank you for not only allowing me to be part of your lives but also for the continuing friendships these many years. Remember at school we had a special day for the children and I dressed as Dolly Parton and was going to sing the National Anthem, unfortunately I got a sore throat and couldn't sing so I lip sinc while Fern sang from the back room, we laughed and laughed because no one knew the difference until I told them later. She was always ready for fun and laughs. Prayers are for all you as you go through this time of grief. Call if you need us at anytime. Love to all. Pam & George Drake

“ Mrs. Brewer was the nicest lady. She always had a hug for me and always asked about my daughters. If it wasn't for her encouragement in 2000 while taking my GED I'm sure I would of failed without her tutoring me. Always had a smile for everyone. I'm going to miss her dearly. Prayers.

“ I met Fern in 2005. She became a special part of my life immediately. I always told her that I was adopting her as my Mom. She would always give me that beautiful smile and say "I think that will be just fine." I am going to miss this lady more than words can ever say. However, heaven did gain a beautiful, loving and kind lady. I will see her again someday. Prayers to the family

“ *There are many memories of Fern, but one that she, John, Louie and Larry laughed about many times was when I unknowingly locked Phil out of the house. I didn't hear him knocking and he had to go to John and Fern's house to call me - it was after midnight, so he woke them (before cell phones), and called to wake me, so I could let him in. They teased me about that for years, but one of many things we shared. She will be greatly missed.*

*Fern was a wonderful woman, she was once upon a time my neighbor where Monica's Lacys law office is now I remember she could make the best biscuits for John and she made them with whipping cream , because he was a diabetic. She always had a smile on her face and good intentions in her heart, I loved her because she always good to every one and willing to help any way she could and Charolette should be really happy that her mother went and made her self useful until she died, she was a wonderful person. we will sorely miss her.Joyce Campbell Patton*
