“ Inez's Family, You were blessed with such a wonderful lady to love and to love each of you. I never visited Inez that we didn't look over the pictures of her children, grandchildren and great grandchildren or that we didn't share the loves of her life. Inez was a dear friend to me who during my darkest days was able to show me that there would always be a light at the end of the tunnel. She also had a sense of humor and reminded me often that I should not spend the rest of my life alone but find someone to love me and Tiffany. I haven't found that someone yet, but I am sure there is an angel in heaven directing the hunt! She will be greatly missed not by just each of you but all the others that were blessed to have spent some time with her.

“ *To Inez's Family, I am so sorry for your loss. I really enjoyed the time I worked with her. She always had a smile & something nice to say to you! We loved sharing recipes. I think her favorite one was the baked pecans. She said she knew her grandchildren would love them.*
