“ Harry was such a special person to me. He reminded me so much of my grandfather (his brother W.C.) and after my grandfather passed he always asked about the my family and kids everytime I saw him. He was like my earthy grandfather keeping his eye on me and making sure that things were good. He always smiled and his laugh was contagious, he loved his family and was there always for my grandfather checking on him and in the end supporting him. People of that generation doesnt exist anymore those that dont judge but love everyone. He will be missed but I know he is in heaven where there is no more pain and sorrow and is probably playing ball with all his brothers and teasing his sisters. He will be missed by his family and community but God decided to call him home and give him peace he is rejoicing with the angels, and all those that have gone before him but he has left a void in all our lives that will never be filled special people do that. Prayers to family and you will be in my thoughts. I will also note my mother talked often of how great of an uncle he was may his memory last forever and may his values and morals be passed on in his grandchildren.
