*Jack and I grew up together and were best friends. Going back to when we were 12 years old we spent countless hours just hanging out, chasing girls, playing ball or later riding our motorcycles. I could tell stories about our crazy adventures for hours. Many that people would find hard to believe. Basically if you were with Jack you could be sure you were going to have a good time, He was an amazing natural athlete and all around sportsman. Basketball, football, fishing, hunting, you name it, he could do it all and do it better than anyone else. In high school baseball his accomplishments and dominance approach legendary status. Jack had a charismatic personality that attracted people to him. He was like a brother to me. I had lost touch with him over the years and am deeply saddened to learn of his passing. I'll never forget you and all the great times we had buddy.
