“ I loved to kid and talk with John. John and I became friends. In the last 4 weeks before his death, I had breakfast with John, Bud Parks, Lowell Briscoe and Linville Bellamy one morning at Stanton DQ. He cracked me up when we were talking about Bruce (Cate) Jenner.

The Wednesday before his passing, I shared lunch with John, CB Martin, Cletus, Willie and the bunch at Bruen's. Again he cracked me up. I did not know of his passing until recently.

I am sorry I was unable to attend his visitation and funeral. What a personality. I always looked forward to seeing John. I will miss him.

“ My best memories of John was talking about current events as we walked into Mass together with my husband Jeff and Cathy. John was always so upbeat about life and could see the humor in man's condition in the world. He loved our church very much. So many "sunny" Sundays we spent on our stroll from the parking lot to the front of Our Lady of the Mountains.

Sincerely,  
Mr. and Mrs (Jean-Ann) Kerr

“ I worked with Johnny 10 yeas at the Jackson DSMRE Office. I have nothing but fond memories on Johnny and his stories he could tell! He could take a bad day and have you rolling laughing in 5 minutes! I am tied up keeping a generator going for my Mother and will not be able to attend his visitation! My condolences to his family, and I want you to know that his friends enjoyed, and cherish the time we had with him!

*I remember going Christmas tree hunting one year and John seeing a tree on the side of the road he wanted but we didn't want to stop and get it because it was by the main road. So we all drove on down the road and took a side road to where he knew some more trees where. There was our Christmas tree, on the other side of the fence by the road. That didn't stop him from getting it though. He made Tracy help get it across the fence so we could take it home. John said, " I told you all I wanted that tree". He will be missed. I've thought of him often the years. My prayers to everyone, may God bless you all!*
