“ We have laughed, got mad at each other. Had to sit with our arms wrapped around each other until we made up. We had snuck out our window while mom and dad was sleeping just to spend just to spend time with our boyfriends. Along with swimming in creeks, riding our bikes and swinging on grape vines. These were just a few things that I got too do with you big sis. But one thing is for sure I love you and life will never be the same without you here. Forever and always you will be with me each and every day in my heart!

“ *Kim was the kind of person that lit up the room. Her laughter was infectious and she brought a spirit to our team that will be greatly missed. My thoughts and prayers are with Kim's family and I hope they can find solace knowing that she made people better, just by being in their presence.*
