Margaret was a good hearted person. I remember when she lived out in Ohio about every time she would come in she would bring Thurrel cooked food. She fixed him some kind of pie's because she knew he was sick and not able too. Margret always was a good hearted woman if everyone had a kind and loving Heart like Margaret this world would be a better Place Go rest my friend with all your loved ones. and now you too are healed and gained your perfect body.

“ Margaret was family but most of all she was my friend. She would give me down the road and back again then set there and wait for me to give it back to her. She was a very loving and caring women when given the chance. I am just grateful that I had the chance to feel that love and call her my friend and family. You will be missed my friend but never forgotten so save me a set until I see you again my friend. I love you.

“ Margaret you were one of a kind. Craig and I were just talking about you a few days ago. You taking him Black Berry picking and how he got a big juicy Black Berry and you plucked it right out of his hand and ate it. You will be missed by everyone who loved you.

“ I sure hate to hear this! 😞 Me & Margaret have been friends since the early/mid 90's ❤️ We both never forgot the day we met! We talked about it every time we saw each other or she loved to tell people that was around us

😬 You see we met because she worked in the meat dept at Daniel's grocery in Jville. I had just got hired. She needed help back there. Bruce took me in the back to meet her & told her to train me. He said Leslie this Margaret. Margaret this is Leslie. Train her lol. He walks out leaving me there. In her fiesty way 😬 in like 5 minutes she gave me a quick run thru. She pointed at something & said, "this is the slicer, here's your scales, in here's your cooler, you grind your hamburger here. Now I gotta go! I'm on my way to see George Jones! Yeee-hawww! 😬 Good luck chic!" & she was gone! 😞 So next time she came into work, I had it handled & she loved having someone to work with that actually did their job & we became the closet friends from that point on! Even outside of work. We just clicked! Hadn't seen her in quite sometime 😞 Rest easy gf! Until we meet again ❤️

“ I remember me and my sister staying with her so much when we were little. She used to spoil us with candy. She used to pretend like she was going to jump out of A moving vehicle as we were going down the road and scare us half to death. Then when I got older and moved to Florida, every time we came to Kentucky to visit, she would always come in from Ohio to see me. I'm going to miss her so much!!!! I love you Margaret. ❤️
