“ *Mary and I have known each other since toddler age! Anytime we were together no matter what age we would laugh and have fun! We also sang together several times and one particular time when we were singing at the Baptist Church after a basketball game we shared laughter and snorting during the song. We were laughing so hard we had to stop the song for a bit and start over! Mary was always the same bubbly friend with a contagious smile! When I left KY in 1993 we did not get to see each other often but when we did we picked up where we left off with the same ease, now that is true friendship! Mary was one of the bright spots about my move back to KY in March and my heart will forever be missing something now that she is gone! I know she is smiling, laughing and singing up in heaven!*

“ *Mary was more than a teacher to our family. She was an angel who came into our life at just the right moment. I am so thankful for our time with her. Although it was short, her impact on us will last forever. God gave her a special gift and I'm thankful she recognized it and shared it with those around her. Her patience with our children inspired and encouraged me to have more patience. To know her was to love her. We will miss her and are thankful for eternal life God has given us because we know someday we will get to see that smile again!*

“ *Our family was blessed to have known Mary not only through her friendship with my mother, Terri, but also as my daughter's teacher at SCHS.
