“ I have known Vickie all of my life. She was like family to us. She grew up in Slade and went to school with my sister and brothers. I would see her when we went to Natural Bridge and then later at Bowen Elementary. I volunteered at the school when my son went there. I walked the halls with Miss Vickie and when the classrooms had parties I helped her clean the classrooms after the parties. I enjoyed spending time with her and we had so much fun together. We ate lunch together most everyday. We laughed and talked til it was time for her to get back to work. She was always a hard worker at every job that she had. She spent a lot of time at our house with my sister because they were best friends during high school. I will miss her a lot. She was a great friend and I was blessed to have her in my life. I think of her often and I will cherish the memories that I have of Vickie. I will never forget her.
